

ROSTISLAV GRISHIN

Automation Systems Technologist | Network & Security Integrator

Edmonton, AB | 780-599-0885 | grishin.rost@gmail.com | rostman.net

PROFESSIONAL SUMMARY

Master’s level Engineer with 13+ years of expertise in **Building Automation Systems (BMS)**, Network Architecture, and Integrated Security. Specializes in bridging the gap between hardware installation and software configuration. Proven track record in deploying complex ecosystems (Control4, Dynalite, AXIS) and managing enterprise-grade networks (Cisco Meraki, Aruba, UniFi). Currently focused on **workflow automation** and server-side integration (VPS) to optimize operational efficiency.

TECHNICAL SKILLS

- **Building Automation:** Control4 (Advanced Programmer), Philips Dynalite (Commercial Lighting).
- **Network Engineering:** Cisco Meraki, Aruba Instant On, Ubiquiti UniFi (UDM Pro/SE), VLAN segmentation, VPN tunneling.
- **Access Control & Security:** AXIS (A1710-B, Camera Station), Brivo, DSC Neo/PowerSeries.
- **IT Infrastructure:** VPS Management (OVHcloud), Remote Access Configuration, Server-Client Architecture.
- **Process Automation:** Digital workflow optimization, Field Service dispatching logic, Remote diagnostics (OvrC/Domotz).

PROFESSIONAL EXPERIENCE

Unified Automation Inc.
Systems Integration Specialist

Edmonton, AB
Oct 2025 – Present

Transitioned role from standard installation to complex systems engineering and integration.

- **High-Level Integration:** Configure and program **AXIS A1710-B** network door controllers, integrating them with **AXIS Camera Station** and remote servers.
- **Infrastructure Management:** Manage and support **100+ endpoints** including IoT controllers, IP cameras, and network sensors across multiple client sites.
- **Server Administration:** Deploy and manage **VPS (Virtual Private Servers)** on OVHcloud to host remote management tools and secure VPN tunnels.
- **Workflow Automation:** Developed automated digital workflows for field operations, reducing incident response time by **~25%** and optimizing technician dispatching logic.

Signature Technology Integrations
Security & Network Technician

Edmonton, AB
Mar 2025 – Oct 2025

- Commissioned hybrid security systems (DSC Neo, Brivo) for **20+ commercial sites**, ensuring full compliance with local codes.
- Executed complex "takeover" projects: diagnosing and reprogramming legacy systems without existing documentation.

TopAudio
Senior Automation Integrator (Control4 & Dynalite)

Herzliya, Israel
Jan 2022 – Oct 2024

- Lead Integrator for luxury residential projects; programmed complex **Control4** logic for lighting, HVAC, and AV distribution.
- **Dynalite Specialist:** Programmed commercial lighting controllers and set up DALI/DMX gateways for architectural lighting.
- Reduced post-installation support tickets by **30%** by implementing proactive network monitoring protocols (OvrC / Domotz) and creating self-healing network scripts.

- Mentored junior technicians on rack building standards and cable management best practices.

O-me

Jerusalem, Israel

Network Implementation Engineer

Nov 2019 – Jan 2022

- Architected SMB networks using **Cisco Meraki** and **Fortinet** appliances.
- Configured complex Wi-Fi heatmaps for large concrete structures, ensuring **100% coverage reliability**.
- Built and managed full network racks with structured cabling for retail and smart home environments.

KAHANE

Netanya, Israel

Smart Home Systems Engineer

Dec 2016 – Nov 2019

- **Stakeholder Management:** Collaborated directly with architects and interior designers to integrate technical requirements into design plans.
- **System Deployment:** Deployed complex Control4 and Dynalite systems in **70+ properties**, integrating AV, HVAC, and Lighting.
- **Technical Logic:** Configured complex automation scenarios and network segmentation for high-load environments.

EDUCATION & CERTIFICATIONS

Master's Degree (M.Eng.) in Radio-engineering, Electronics and Telecommunications

2010 – 2012

Almaty University of Power Engineering & Telecommunications (Equivalent to Canadian Master's)

Professional Development:

- **CompTIA Network+** (Exam Preparation In Progress)
- **Cisco Certified Network Associate (CCNA)** (Currently Studying)
- Control4 Advanced Programmer Training Course
- Cisco Meraki Training Course
